

# Financial Controller

---

## About Us:

United Greeneries is a pioneer in the cannabis industry, becoming one of the first licensed producers under the Access to Cannabis for Medical Purposes Regulations (ACMPR). Grown in beautiful British Columbia and inspired by the spirit of the West Coast, we strive for a natural, purer product that's grown sustainably and responsibly for people and the planet. United Greeneries offers competitive salary packages, an incredible work environment, and career advancement opportunities. As a team of horticulturists, engineers and entrepreneurs, we share a passion for growing this future together.

## Job Summary:

United Greeneries is in search of a Financial Controller based out of our Vancouver office, to undertake all aspects of finance, accounting and reporting activities. Reporting to the Corporate Controller and the President United Greeneries, the successful candidate is a self-starter, with strong analytical and problem-solving skills, is very detail oriented and has a thorough understanding of operations. This is a fantastic opportunity for a professional who thrives in a busy and fast-paced, collaborative working environment.

## Key Responsibilities:

- Oversee all accounting and finance activities for United Greeneries' subsidiaries and sites located across Canada;
- Provide analysis, support and financial expertise to Operations and Corporate Head Office to facilitate decision making;
- Manage, lead and develop site accountants located across Canada;
- Assist site accountants with daily process issues and process improvement ensuring a strong internal control environment is maintained;
- Maintain inventory sub-ledger and perform calculations and reconciliations for complex accounts such as biological assets;
- Prepare and submit monthly financial statements of United Greeneries, including working papers and schedules, to Corporate Head Office;
- Prepare monthly reporting package for Corporate Head Office focusing on profitability, KPIs, costing/margins and variance analysis;
- Preparation of annual operating and capital budgets and financial forecasts;
- Manage and comply with local, statutory regulatory requirements and CRA tax filings;
- Liase with external auditors for annual audit and quarterly reviews;
- Prepare adhoc reports as needed;
- Assist with other projects as needed, including ERP system implementation

## Skills and Qualifications:

- Accounting designation (CPA – CA, CMA or CGA);
- Minimum 5 years accounting experience in a senior accounting or financial management role;
- Knowledge and/or experience in a manufacturing or resources industry;
- Excellent verbal and written communication skills;
- Strong analytical and problem-solving skills;
- Detailed oriented;

- Self-motivated and self-directed;
- Ability to work independently and collaboratively with a team;
- Effective working skills with ERP software, MS Word, Excel, PowerPoint, and Outlook
- Frequent travel is required

\*Background Check is required
